Patent 7,100,183 B2

PATENT

IN UNITED STATES PATENT AND TRADEMARK OFFICE

Patent No.: 7,100,183 B2

Docket No: SEDN/WGATE11

Issue Date: August 29, 2006

Gerard K. Kunkel et al.

Title SYSTEM AND METHOD FOR TRANSMITTING AND DISPLAYING
TARGETED INFORMATIONREQUEST FOR CERTIFICATE OF CORRECTIONCommissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

It is requested that a Certificate of Correction be issued correcting printing errors appearing in the above-identified United States patent. Two copies of the text of the Certificate in the suggested form are enclosed.

Respecting Patentees' request for correction of the drawings, formal drawings were filed on March 27, 2006. Since no communication was forthcoming from the Examiner, it was believed that the drawings were accepted as filed. The Notice of Allowance mailed on April 13, 2006 did not include a request for drawing correction. As such, Patentees respectfully request that the formal drawings filed on March 27, 2006 be substituted for the informal drawings in the patent. Support for the correction of claim 4 can be found in the Examiner's Amendment mailed on April 13, 2006.

Issuance of the Certificate of Correction would neither expand nor contract the scope of the claims as properly allowed, and re-examination is not required.

Please charge the certificate of correction fee, if any, and any other fees due, pursuant to 37 CFR 1.20(a), to counsel's Deposit Account No. 20-0782/SEDN/WGATE11.

Respectfully submitted,

GERARD K. KUNKEL et al.
